## Unpaid Hotel Bill Results In 2 Arrests

Two men who police charged were unable to pay the hotel bill for 50 carnival workers they lodged at the Wayside Inn, Ellenville, were arrested Friday night.

Scheduled for arraignment today before Police Justice Benjamin Linstein were Raymond Cyr, 31, of Berne road, Ellenville, and Emilio Spano, 37, of 305 West 46th street, New York.

**BOTH WERE** arrested on warrants charging "fraud on an innkeeper," a misdemeanor. The warrants were issued by Justice Linstein following investigation by Lt. Abe Rand of the Ellenville Police Department and Cpl. F. P. Stankamp of the state police.

The amount of the hotel bill was placed at \$1,051.90, according to state police.

**POLICE CHARGED** that Cyr and Spano brought 50 carnival workers from New York city to Ellenville with the expressed intention of starting a carnival. The men arrived in Ellenville on May 31, and were lodged at the Wayside Inn.

Plans for the carnival, however, failed to materialize, police said, and meanwhile the hotel bill began to pile up.

**WHEN THE TAB** passed the \$1,000 mark, warrants were issued, leading to the arrest of the two men on Friday.

The stranded carnival workers were allowed to remain in the hotel overnight, and this morning various Ellenville civic groups raised a fund to hire buses to take the workers back to New York city, Ellenville police said. The first bus load was getting ready to leave about 10 a. m.

## Danskammer Plans Open House Sunday

An "Open House" will be held at Central Hudson's Danskammer Point Electric Generating Station Sunday from 2 to 5 p. m. The public is invited on a guided tour of the Danskammer Station, one of the most modern steam electric generating stations in the nation.

Central Hudson estimates that a record number of area residents will visit the station tomorrow. The previous high was last Oct. 24 when 1,413 visitors toured the big power plant as part of Business Progress Month in Poughkeepsie.

The station is located about six miles north of Newburgh on the west side of the Hudson river. Signs have been put up near the turn-off to the station on Route 9W to guide visitors to the station site.

Following the tour refreshments will be served and, Central Hudson announces, there'll be candy and Reddy Kilowatt comic books for the children.

## Harriman Rejects Probe Bid of Some State Parks

Albany, June 4 (AP)—Gov. Harriman has turned down a request by one of his appointees for a "public investigation" of allegations of irregularities in the operation of state parks in central New York.

"I am satisfied that the State Council of Parks under the chairmanship of Robert Moses will deal properly with the charges you have made," Harriman told Edward A. Hanna of Utica yesterday.

Hanna, a member of the central New York State Park Commission, had urged the governor to order an inquiry by his commissioner of investigations.

Previously, he had asked the parks council to open to the public a hearing on his charges scheduled for next Tuesday by a special committee of the council.

## Saugerties TB X-Rays Slated For June 16-17

Industrial and business leaders together with their employees recently made plans at a meeting for the free chest X-ray survey in Saugerties June 16 and 17.

Tom Reynolds of the Saugerties Area Chamber of Commerce presided, and Dr. Dudley W. Hargrave, Ulster county health commissioner, presented the medical and public health aspects of the chest X-ray program, sponsored by the Ulster County Department of Health and the Ulster County TB and Health Association.

**CHRISTMAS SEAL** funds will be used to pay for the X-rays. Miss Katherine M. Murphy, executive secretary, reported the procedures of the survey. "The X-ray is free, no undressing is necessary, and the X-ray takes but a few seconds," Miss Murphy said. Where there is some abnormality, she said, the family physician will be sent the report.

The public health nurses will handle the follow-up work where the family physician so desires. **MISS MURPHY** gave the schedule of locations as follows: **JUNE 16—7 a. m. to 10 a. m.** at Canteens, Benhar and others. (Continued on Page 3, Col. 7)

## School Roll Up

Registration in the city's public and private schools as of May 20 was 340 more than for the same day last year, Superintendent Arthur J. Laidlaw reported to the Kingston Board of Education Thursday night.

Total enrollment in all schools numbered 6,977—5,528 in public schools and 1,449 in private schools. The city's public schools showed an increase of 234 and the private schools an increase of 106.

In the city's public schools the registration showed 3,800 in the elementary grades and 1,728 in the high school.

The number enrolled by schools follows: School 2, 329; School 3, 243; School 4, 221; School 5, 493; School 6, 552; School 7, 356; George Washington School, 747; Myron J. Michael, seventh grade, 420; Myron J. Michael, eighth grade, 405; special classes, seventh and eighth grades, 34.

St. Mary's, 395; St. Joseph's, 419; St. Peter's, 236; St. Ursula's, elementary, 129; St. Ursula's, academic, 94; Immaculate Conception, 131, and Immanuel Lutheran 45.

The action was taken after Bishop Edgar A. Love of Baltimore, Md., Negro bishop of the Tennessee Conference of the Methodist Church, said in an interview: "If God hadn't intended for races to mix, he would have fixed it so they could not."

In Westminster, Md., Methodists of the Baltimore Conference voted against a resolution calling for "complete racial integration" (Continued on Page 3, Col. 5)

## No Action Seen for Freeing 11 Comment Is Made On Manila Report

Hong Kong, June 4 (AP)—Red China border sources said today there were no reports from inside the Communist country "which would indicate the release of more American fliers."

These sources, who correctly forecast the release of four U. S. jet fliers set free by Peiping last Tuesday, were commenting on Manila reports quoting an Indian editor as saying last night that Red China would free 11 more American airmen within 24 hours.

**NEWS DISPATCHES** from the Philippine capital quoted J. C. Jain, managing editor of the Times of India, as saying he had obtained the information from a "very reliable source."

The U. S. Air Force office in Hong Kong said it had no word on any fliers being released and Hong Kong officials said they had heard nothing.

**INDIAN GOVERNMENT** officials in New Delhi also expressed surprise over the report.

The 11 Americans were crewmen of a B29 bomber shot down Jan. 12, 1953, during the Korean War. They were convicted on spy charges by Red Chinese authorities and were sentenced to prison terms ranging from 4 to 10 years.

## Threats Made In Rail Tieup

London, June 4 (AP)—A threat of violence crept into Britain's crippling seven-day-old rail strike today. With thousands already jobless, settlement efforts bogged down and a seamen's wildcat strike tied up the New York-bound Mauretania at Southampton.

A few more trains operated in the 24 hours ending this morning in response to peace appeals by government and trade union leaders.

**BUT AT STOCKPORT**, members of the nonstriking National Union of Railwaymen (NUR) complained that striking union men had come to their homes and threatened them if they continued to man the trains. Said one NUR official: "The conduct of some of the Associated Society of Locomotive En-

James Baty, ASLEF strike leader, went home to rest after a strenuous week and a union spokesman said "there has been no invitation to any meeting with anybody at this stage."

**THE RAIL STRIKE** appeared to be as far off from settlement as at any time since it began. The striking unions demand more pay. Involved are 80 per cent of Britain's locomotive crewmen.

With a parallel strike of dock workers at six major ports idling 167 freighters and affecting Britain's exports, 130 seamen of the crew of 545 marched off the Mauretania as passengers for New York were going up the gangway of the luxury liner. The men demand a short-

## West Shokan Woman Starts \$150,000 Suit

**Mrs. Hilda Gibson Initiates Action On Electrocuting of Husband in 1954**

Mrs. Hilda L. Gibson of West Shokan has brought an action in the Supreme Court of Ulster county for \$150,000 damages for the death of her husband, Lee George Gibson, who was electrocuted while using a sander on June 4, 1954, while at work on a house at Walton where he was employed by Gardiner and Smith Associates of Delaware county.

Plaintiff brings the action as administratrix against Porter Cable Machine Company of Syracuse, manufacturers of the sander, and C. W. Hill of Delhi and others, a partnership concern which had rented the sander to Gibson's employer.

**MR. GIBSON** was at work on a door in the cellar of the house under construction at Walton when he was electrocuted. Plaintiff contends the sander was poorly constructed or that it had been improperly maintained by the owners who had owned the machine for several years prior to the accident.

At special term before Justice Bookstein Friday an application was made by plaintiff to examine both defendants and several other prospective witnesses prior to the trial.

The report to be brought back in a month by Sens. Clements (D-Ky.) and Dirksen (R-Ill.), is certain to influence the committee's consideration of President Eisenhower's \$3½ billion aid program for the year starting July 1.

**THEY WILL LEAVE** tomorrow for visits to Japan, Korea, Formosa, the Philippines and Indochina. Dirksen also will visit Europe.

Dirksen said in an interview the appropriations committee would make "the closest examination" (Continued on Page 3, Col. 6)

## Subjects Announced For Summer School

The following subjects will be offered this Summer in the Kingston High School Summer Session: English 9, 10, 11, 12; Citizenship Education 9, 10, 12 (American History); Elementary Algebra; Plane Geometry; Intermediate Algebra; Biology; Physics; Chemistry; General Science; Health; Typewriting; Driver Training; Mechanical Drawing I and II.

Those electing Driver Training may not elect any other subject.

Registration for Summer School will take place Tuesday, July 5, at 8:30 a. m. in the high school auditorium. It is of great importance that all who desire to register be there at that time because it is necessary to have ten students request a subject in order to form a class.

The first session will be held July 6 and school will be in session from July 6 to August 22, including Saturday, July 9, from 8-12 a. m. There will be two class periods of two hours each.

## Three Die in Gas Chamber For Murder Without Profit

San Quentin, Calif., June 4 (AP)—Barbara Graham met death with outward calm and dignity yesterday in San Quentin's gas chamber. Two harrowing court hours delayed her execution an hour and a half and impelled her to protest: "Why do they torture me?"

Two professional killers—her partners in a murder that was plotted for money but didn't pay a penny—followed her in death three hours later. She was the third woman legally executed in California.

Convicted of six slayings, Jack Santo and Emmett Perkins died as easily as they had killed, joking and grinning together in

the bare gas chamber where Mrs. Graham died quietly and alone.

Mrs. Graham, 32 and in trouble with the law since she was 13, and the two murderers were executed for the torture slaying of Mrs. Mabel Monahan at Burbank in 1953. They thought Mrs. Monahan, a Las Vegas gambler's widow, could tell them where \$100,000 was hidden.

Mrs. Monahan didn't talk, and the three found no money.

Santo, 54, husky mob leader, and Perkins, 47, also were under death sentence for the brutal slaying in 1952 of Guard Young, a Chester grocer, and three small children.

## National Baton Champ to Twirl June 18

**Winner of 126 Prizes Is Stadium Feature**

One of the outstanding features of the Pageant of Champions, presented by the Port Ewen Drum and Bugle Corps, in conjunction with the Hudson Valley Firemen's Convention, June 18 at Dietz Stadium, will be the personal appearance of Gertrude M. Kuhn. Miss Kuhn is undefeated national champion baton twirler.

Following the drum and bugle corps contest, Miss Kuhn will present a special exhibition of twirling.

Having appeared in American Legion, Veterans of Foreign Wars national and state conventions, she is a national headliner in her art and has presented twirling demonstrations before such celebrated personalities as Francis Cardinal Spellman, Thomas E. Dewey, James Farley and others.

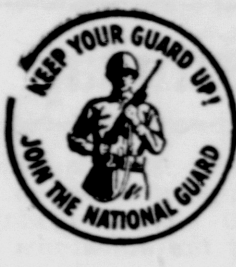

Winner of 126 prizes, trophies, cups and medals throughout the country, Miss Kuhn will twirl two fire batons simultaneously in complete darkness. She has been engaged as a special attraction for the Pageant of Champions, which will begin at 8:30 p. m.

Six American Legion champion drum and bugle corps will compete for \$3,000 in cash prizes and a retreat ceremony which will complete the program.

## UAW Will Call Out 140,000 Monday Unless Settlement Is Reached by Then Long Parley Seen

Ford, Union to Resume Negotiations, as End Nears

Detroit, June 4 (AP)—The CIO United Auto Workers pressed its contract battles on two fronts today, hoping to combine the best gains won from both the Ford Motor Co. and General Motors Corp.

The Ford talks, with a strike deadline only a day and a half away, were the most urgent. But the union's negotiations with General Motors were stepped up despite an extra 48 hours of grace.

**THE UAW, AFTER** once delaying a strike deadline, now say it will call 140,000 Ford workers on strike Monday morning unless a settlement is reached by then.

Ford and the UAW were to resume conferences at 10 a. m. today after three sessions—including one at night—yesterday. With the strike deadline fast approaching, there were indications that today's meeting might go well into the night.

General Motors and the union were to meet at 12:30 p. m. today and at two sessions tomorrow.

Ford reportedly has offered to supplement state unemployment compensation payments to laid-off workers—the principles behind the union's guaranteed annual wage demand.

**THE COMPANY** is said to have offered to guarantee its employees 65 per cent of normal take-home pay for the first four weeks of an illness and 60 per cent for an additional 22 weeks. Unemployment compensation paid by the various states would be deducted from the company's obligation. This offer has been described as a "guaranteed semi-annual wage."

The UAW is seeking to persuade Ford to improve on both the size and duration of the benefits it has offered.

General Motors is said to have held out to date against any form of guaranteed wage. But it is reported to have gone beyond the concessions granted by Ford on pensions and wage boosts.

**UNOFFICIAL SOURCES** said that GM has offered to pay \$2.25 a month for each year of an employee's service to cover his pension, compared with \$2 offered by Ford. The union is seeking payments of \$2.50. Both firms now pay \$1.75 a month pension for each year of credited service.

General Motors also is said to have offered a flat six cent hourly "annual improvement factor" wage increase each year under a new contract compared with Ford's offer of five to eight cents. This is to compensate workers for technological advances in the industry, such as automation, without regard to ups and downs in the cost of living.

**BOTH FORD AND GM** offered the union a package which would have given employees stock purchase bargains, interest-free loans in layoff periods and separation pay plans. Ford reportedly has withdrawn its offer in favor of the "guaranteed semi-annual wage" but the union never has formally rejected GM's.

Wildcat work stoppages at scattered Ford plants around the country have brought further pressure to bear on the (Continued on Page 3, Col. 7)

## West Shokan Woman Starts \$150,000 Suit

Mrs. Hilda Gibson Initiates Action On Electrocution of Husband in 1954

Mrs. Hilda L. Gibson of West Shokan has brought an action in the Supreme Court of Ulster county for \$150,000 damages for the death of her husband, Lee George Gibson, who was electrocuted while using a sander on June 4, 1954, while at work on a house at Walton where he was employed by Gardiner and Smith Associates of Delaware county.

Plaintiff brings the action as administratrix against Porter

Cable Machine Company of Syracuse, manufacturers of the sander, and C. W. Hill of Delhi and others, a partnership concern which had rented the sander to Gibson's employer.

**MR. GIBSON** was at work on a door in the cellar of the house under construction at Walton when he was electrocuted. Plaintiff contends the sander was poorly constructed or that it had been improperly maintained by the owners who had owned the machine for several years prior to the accident.

At special term before Justice Bookstein Friday an application was made by plaintiff to examine both defendants and several other prospective witnesses prior to the accident.

**THEY WILL LEAVE** tomorrow for visits to Japan, Korea, Formosa, the Philippines and Indochina. Dirksen also will visit Europe.

Dirksen said in an interview the appropriations committee would make "the closest examination" of the bill.

## Subjects Announced For Summer School

The following subjects will be offered this summer in the Kingston High School Summer Session: English 9, 10, 11, 12; Citizenship Education 9, 10, 12 (American History); Elementary Algebra; Plane Geometry; Intermediate Algebra; Biology; Physics; Chemistry; General Science; Health; Typewriting; Driver Training; Mechanical Drawing I and II.

Those electing Driver Training may not elect any other subject. Registration for Summer School will take place Tuesday, July 5, at 8:30 a. m. in the high school auditorium. It is of great importance that all who desire to register be there at that time because it is necessary to have ten students request a subject in order to form a class.

The first session will be held July 6 and school will be in session from July 6 to August 22, including Saturday, July 9, from 8-12 a. m. There will be two class periods of two hours each.

Having appeared in American Legion, Veterans of Foreign Wars national and state conventions, she is a national headline in her art and has presented twirling demonstrations before such celebrated personalities as Francis Cardinal Spellman, Thomas E. Dewey, James Farley and others.

Winner of 126 prizes, trophies, cups and medals throughout the country, Miss Kuhn will twirl two fire batons simultaneously in complete darkness. She has been engaged as a special attraction for the Pageant of Champions, which will begin at 8:30 p. m.

Six American Legion champion drum and bugle corps will compete for \$3,000 in cash prizes and a retreat ceremony which will complete the program.

## National Baton Champ to Twirl June 18

Winner of 126 Prizes Is Stadium Feature

One of the outstanding features of the Pageant of Champions, presented by the Port Ewen Drum and Bugle Corps, in conjunction with the Hudson Valley Firemen's Convention, June 18 at Dietz Stadium, will be the personal appearance of Gertrude M. Kuhn. Miss Kuhn is undefeated national champion baton twirler.

Following the drum and bugle corps contest, Miss Kuhn will present a special exhibition of twirling.

## Three Die in Gas Chamber For Murder Without Profit

San Quentin, Calif., June 4 (AP)—Barbara Graham met death with outward calm and dignity yesterday in San Quentin's gas chamber. Two harrowing court stays delayed her execution an hour and a half and impelled her to protest: "Why do they torture me?"

Two professional killers—her partners in a murder that was plotted for money but didn't pay a penny—followed her in death three hours later. She was the third woman legally executed in California.

Convicted of six slayings, Jack Santo and Emmett Perkins died as easily as they had killed, joking and grinning together in the bare gas chamber where Mrs. Graham died quietly and alone.

Mrs. Graham, 32 and in trouble with the law since she was 13, and the two murderers were executed for the brutal slaying of Mrs. Mabel Monahan at Burbank in 1953. They thought Mrs. Monahan, a Las Vegas gambler's widow, could tell them where \$100,000 was hidden. Mrs. Monahan didn't talk, and the three found no money. Santo, 54, husky mob leader, and Perkins, 47, also were under death sentence for the brutal slaying in 1953 of Guard Young, a Chester grocery, and three small children. An hour before Mrs. Graham's (Continued on Page 3, Col. 8)

Your Life And Mine

By Clyde Herbert Snell

**When We Miss the Water**

A small spring that worked the latch on our combination storm and screen door broke a couple of weeks ago. The door would, of course, swing on its hinges without the latch. It was hung so that gravity kept it closed—but not tightly enough to be of any use whatsoever in keeping out bugs and flies. In that condition the door was just something to be pulled or pushed out of the way when entering or leaving the house, without serving any purpose. And it was one of "those things" that do not rise up and demand immediate attention; therefore it got neglected for a week or so.

A few days ago I fixed it. The project did not consume much time or require much of an investment of money. It was more a matter of getting at it. But how good it seemed to have the door working as it should again. I almost felt like getting down on my knees and thanking God for a door that functions properly. And, "Mind You!" that was the feeling I had toward the selfsame door which has served so faithfully, all unnoticed, through the days and weeks and years that we have lived in this house.

Normalcy covers a heap of the sins of ingratitude. As someone has said: "We are hardly conscious of some of our greatest mercies as long as God spares us the use of them." A little leak in a water pipe, which requires turning the water off for a few hours in order to repair it, will alert us to the wonder of having water available at the turn of a spicket—a wonder that never registers itself upon our minds as long as "the turn" delivers the essential liquid in whatever quantities we desire. There is a world of truth about the blindness of human nature in that old saying: "We never miss the water 'till the well runs dry." A dry well not only makes us "miss" water; it also makes us appreciate water. When the leak is repaired and, once again, the spicket becomes something more than a gadget to turn in unconscious expectancy only to experience the alarion of disappointment; then we are aware of the mercy of water. And grateful for it, too; at least for a few hours until normalcy takes over again and makes us unaware of the blessing.

Doors that work, water that waits in the pipes in marvelous availability—these are symbols of a lot of other wonderful blessings that we forget about when they are present and begin to appreciate only when they have been removed.

**K of C Radio Program**

Problem Parents?  
Ann Arbor, Mich. (AP)—Putting the blame on parents for all the trouble children get into has serious drawbacks says University of Michigan psychiatrist Dr. Ralph D. Rabinovitch. Parents, he says, are becoming afraid to ask for help for problem children because of shame and the fear they themselves may be punished for the child's offense.

Contaminated Youth  
Pittsburgh (AP)—For years, residents of the North Side section of Pittsburgh drank water from a park fountain. It was proudly labeled the Steel City's Fountain of Youth. But it has been closed. The state department of health found the water is contaminated.

## Named to Ontario Guidance Post

PAUL T. RUNGE

Appointment of Paul T. Runge as director of guidance at the Ontario Central School has been announced by the board of education. He begins his new duties July 1.

Mr. Runge, who has been guidance counselor at Kerhonkson High School two years, succeeds Charles A. Traphagen who has accepted a position as director of guidance at the Vestal Central School.

Mr. Runge, 25, who is married and the father of three children, was graduated from Hamilton College with a BA degree in 1951 and from Albany State College for Teachers with an MA degree in 1953.

HE HAS BEEN director of the Kerhonkson Youth Canteen and as assistant to the director of the Kerhonkson Junior Riding Club.

Mr. Runge will continue in the guidance department on a full time basis that was established by Mr. Traphagen in 1952. He is a member of the New York State Counselors' Association, the Mid-Hudson Branch of the American Personnel and the Guidance Association and the New York State Teachers' Association.

## Your Life And Mine

By Clyde Herbert Snell  
When We Miss the Water

A small spring that worked the latch on our combination storm and screen door broke a couple of weeks ago. The door would, of course, swing on its hinges without the latch. It was hung so that gravity kept it closed—but not tightly enough to be of any use whatsoever in keeping out bugs and flies. In that condition the door was just something to be pulled or pushed out of the way when entering or leaving the house, without serving any purpose. And it was one of "those things" that do not rise up and demand immediate attention; therefore it got neglected for a week or so.

A few days ago I fixed it. The project did not consume much time or require much of an investment of money. It was more a matter of getting at it. But how good it seemed to have the door working as it should again. I almost felt like getting down on my knees and thanking God for a door that functions properly. And, "Mind You!" that was the feeling I had toward the selfsame door which has served so faithfully, all unnoted, through the days and weeks and years that we have lived in this house.

Normally covers a heap of the sins of ingratitude. As someone has said: "We are hardly conscious of some of our greatest treasures as long as God spares us the use of them." A little leak in a water pipe, which requires turning the water off for a few hours in order to repair it, will alert us to the wonder of having water available at the turn of a spigot—a wonder that never registers itself upon our minds as long as "the turn" delivers the essential liquid in whatever quantities we desire. There is a world of truth about the blindness of human nature in that old saying: "We never miss the water till the well runs dry." A dry well not only makes us appreciate water. When the leak is repaired and, once again, the spicket becomes something more than a gadget to turn in unconscious expectancy only to experience the albert of disappointment; then we are aware of the mercy of water. And grateful for it, too; at least for a few hours until normalcy takes over again and makes us unaware of the blessing.

Doors that work, water that waits in the pipes in marvelous availability—these are symbols of a lot of other wonderful blessings that we forget about when they are present and begin to appreciate only when they have been removed.

## Van Kleeck Letter Senators to Make

## Clears Up Status Of Bowling Fund

The following letter from Raymond Van Kleeck, of New Paltz, husband of Edna Van Kleeck, KWBA bowler who was recently stricken with illness, is self-explanatory.

"Since my wife entered the hospital two weeks ago, your paper has published two articles on the 'Edna Van Kleeck Fund.' To the general public these articles appear to be pleas for contributions for Edna.

"My understanding was that this group of bowlers wished to start a polo fund and asked me if they might use my wife's name. It was further understood that any money from this fund would be available to her, if she should need it.

"I would appreciate your issuing a retraction to these items previously published, stressing the fact that this group of bowlers is merely using the name of Edna Van Kleeck for their fund, and that the money is not being solicited for her. Signed, RAYMOND C. VAN KLEECK.

Mrs. Dot Rawling, president of the Kingston Women's Bowling Association, today issued a statement pointing out that all money collected in behalf of the Edna Van Kleeck Fund has been returned to the donors.

## Tax Assessment

## Under Protest

## By Esopus Camp

Pioneer Youth Camp, Inc., which operates a summer camp in the town of Esopus is protesting an assessment of \$8040 which was assessed against the camp by the town assessors.

The assessors placed the camp on the assessment roll for 1954, prior to that it had been on the exempt list.

At special term of Supreme Court Friday before Justice Bookstein a motion to restore the tax exemption was made by Abraham Streifer on behalf of the camp officials.

Streifer has moved to have the property placed back on the exempt list on the grounds it was a charitable institution, or non-profitable organization. The motion was argued by Streifer for the camp and Assistant District Attorney John Schick opposed the application for the town officials of Esopus and County Attorney Arthur A. Davis, Jr., opposed on behalf of the county.

Streifer contends the camp had been on the exempt list prior to the 1954 assessment and asked the court to grant a temporary stay pending final determination of the matter to prevent the property going on the auction block on June 16 when a county of property upon which unpaid taxes remain.

It is the contention of the camp that it operates a non-profit summer camp, that while some who can afford to pay board or a portion of it, others are boarded gratis and that under this plan there is an annual deficit which is made up by contributions from New York contributors.

## Three Die . . .

scheduled execution at 10 a. m., Gov. Goodwin J. Knight ordered a temporary stay to permit a new plea to the State Supreme Court, sitting in Los Angeles.

The court quickly rejected the attorney's claim she was convicted with illegal evidence obtained with a secret microphone in her jail cell. The U. S. Ninth Circuit Court of Appeals in San Francisco also refused a hearing.

The execution then was set for 10:45 a. m. A new plea by the attorneys that perjured testimony convicted her reached the Supreme Court at 10:42 a. m.

A minute before Mrs. Graham was to be led into the gas chamber, Governor Knight again ordered a stay.

"Why do they torture me," exclaimed Mrs. Graham to a matron.

"I was ready at 10 o'clock." The Supreme Court's rejection of the new plea was quick.

At 11:34 a. m. Mrs. Graham stepped into the death chamber. Her face was pale. Her lipstick looked too red. She wore a smooth fitting tan suit and rhinestone earrings.

Wearing the blindfold mask and strapped in the chair, she moved her lips—perhaps in a silent prayer. When the cyanide pellets dropped in the acid crock, she firmly held her breath for a long last second of life.

Finally she was forced into a gulping swallow.  
She was pronounced dead at 11:42 a. m.

**WHEN THE CHAMBER** was blown clear of the gas that killed Mrs. Graham, Santo and Perkins were led inside at 2:32 p. m. and strapped in the two chairs.

As the door closed, Santo called out to Warden Harley O. Tests the trite farewell challenge, "Don't you fellows do anything I wouldn't do."

Without blindfolds, the white-shirted Santo and Perkins grinned and chatted together until the poison pellets dropped at 2:34 p. m.

Perkins was pronounced dead at 2:40 p. m., Santo one minute later.

Mrs. Graham's fourth husband claimed her body. No one claimed the bodies of Santo and Perkins.

**Ruins of Modena Barn Destroyed By Fire Thursday**  
The ruins of a barn, which blew down in a windstorm Sunday night, were destroyed by a fire which broke out shortly before midnight Thurs. night, the Modena Fire Department reported.

The barn, located south of the hamlet of Modena, was owned by Harold Lucy.

Cause of the fire has not been determined, a fire company official said.

## Riderless Horse Dies After Crash At Lyonsville

A riderless horse that crashed into an automobile on the Krippebush road at Lyonsville, town of Marlletown, about 7:30 p. m. Friday died later of internal injuries, state police reported today.

The horse, owned by Curtis Goins, collided with an automobile, the animal's head going through the windshield, troopers said. It died in its barn after being led there by the owner, according to the report.

Alton Wells, 50, of Stone Ridge, driver of the automobile, told Cpl. Elliott Johnson and Trooper John Ripa that he was driving north on the Krippebush road when he observed the horse coming toward him, its saddle hanging loosely at its side. Wells brought his car to a stop, but the horse ran into the vehicle's left side, troopers reported. Neither Wells nor his wife, Mary, who was riding in the car, was injured, according to the report.

Dr. Dowling, president of the Kingston Women's Bowling Association, today issued a statement pointing out that all money collected in behalf of the Edna Van Kleeck Fund has been returned to the donors.

Those and other votes offered an indication of possible major reductions in the 3½ billion dollar aid measure by the committee when it recommends actual funds to carry out the program.

Eight of the 27 senators who voted "yes" on an amendment by Sen. Lowell (D-La.) to strike 318 million dollars from the bill are members of the appropriations committee over various portions of the bill.

FOR EXAMPLE, amendments by Sens. Knowland (R-Calif.) and Potter (R-Mich.), both committee members, which would have required that a large part of economic aid be dispersed as loans rather than gifts attracted the votes of 12 members of the appropriations committee, one more than half the committee.

## MJM Education Association Will Meet on June 9

Final meeting of the Myron J. Michael Education Association will be held at 7:45 p. m. Thursday, June 9, with a panel discussion on the topic, "The Students Speak."

The panel will be composed of four seventh and four eighth grade students. A question and answer period will follow.

At the conclusion of the meeting a free will offering will be taken to help defray the expenses of the party to be given to eighth grade students on Recognition Day, it was announced by Ben Schechter, president of the association.

## Tax Assessment Under Protest By Esopus Camp

Pioneer Youth Camp, Inc., which operates a summer camp in the town of Esopus is protesting an assessment of \$8040 which was assessed against the camp by the town assessors.

The assessors placed the camp on the assessment roll for 1954, prior to that it had been on the exempt list.

At special term of Supreme Court Friday before Justice Bookstein a motion to restore the tax exemption was made by Abraham Streifer on behalf of the camp officials.

Streifer has moved to have the property placed back on the exempt list on the grounds it was a charitable institution, or non-profitable organization. The motion was argued by Streifer for the camp and Assistant District Attorney John Schick opposed the application for the town officials of Esopus and County Attorney Arthur A. Davis, Jr., opposed on behalf of the county.

Streifer contends the camp had been on the exempt list prior to the 1954 assessment and asked the court to grant a temporary stay pending final determination of the matter to prevent the property going on the auction block on June 16 when a county tax sale will be held to dispose of property upon which unpaid taxes remain.

It is the contention of the camp that it operates a non-profit summer camp, that while some who can afford to pay board or a portion of it, others are boarded gratis and that under this plan there is an

SEASON IN THE SUN

From now on through the summer newspapers print stories of sun-filled days and what people are doing under that sun. Freckle contests get under way. Turtles are raced. Frogs are jumped and garden snakes are generously presented to mother.

But there are other seasonal stories that no newspaper likes to print. They are the stories of the youngsters who drown in three feet of water, of tricycles and their young riders twisted and broken by the delivery truck, by the new car, by the old jalopy.

The accident is covered. The facts are gathered. The story is run. But the newspaper story can never adequately convey that memory of the baby's face with his new trike, nor that memory which lingers with those who have to look at the mangled steel, the broken spoke.

After the picnic drowning the news story cannot describe, with its impersonal print, that desolate journey home. Print and paper can never fully record the frightened emptiness into which someone keeps repeating, "I didn't have my eyes off him ten seconds."

But every year the newspaper has to print those stories. Everyone connected with it wishes it didn't have that dreadful duty.

Every year is a year of memory for all of us. Let us make sure, as nearly as we humanly can, that our memories are not bitterly marked by a careless moment and that the days of numbness do not grow from a tragic season in the sun.

SCIENCE FOR YOUTH

The Berkeley Campus of the University of California is offering summer jobs to young people in its many laboratories hoping to interest high school students in scientific careers. The aim is to relieve, in time, the critical and growing shortage of engineers and natural scientists in this country.

Dr. Arthur B. Pardee, who conceived the program, hopes that it will be adopted by other colleges and by industrial laboratories. Such a program is necessary, according to Dr. Pardee, because he believes much science teaching in high school is uninspiring and inadequate.

Students accepted for the Berkeley program will be given routine work, but on a professional level. Dr. Pardee is confident they will pay their own way by learning the work quickly and carrying on with little need for close supervision.

Another approach to this problem is being taken by forty-four industrial firms in cooperation with the National Science Teaching Association. These firms are providing summer jobs in their laboratories and research departments for high school science teachers.

Both programs are good. If the shortage of scientists is to be relieved, the interest of young people in science must be aroused. This can be done by improving the quality of science teaching and by bringing young people into contact with the work that goes on inside research laboratories.

DANGER HEAD-FIRST

The Dayak head-hunters of Northern Borneo will soon begin to receive an old-age pension. Under the new ruling everyone over sixty will receive seven dollars a month. It rather sounds as though the government were offering a prize for anyone who can manage to keep his head for a few years.

This is fine. But in the news as well is the fact that few people are able to travel in India's Naga Hills country near the Burma border because of the lively activity of head-hunters there. Borneo is offering pensions and India is offering warnings. But nobody is offering to leave heads in place.

A smart hat salesman could probably change the whole employment picture in those areas. After demonstrating to the natives that one must have a head to wear a hat, it is a small step to convincing them

'These Days'

By GEORGE SOKOLSKY

GOVERNMENT BY CHOICE

The 1956 Presidential election is now at the stage when candidates, in the opposition party, are becoming more numerous and more ardent. Already the appearance is that Adlai Stevenson has an inside track, but he cannot count on New York State whose candidate will be Averell Harriman despite denials of interest. And that will make an enormous difference to Stevenson's chance of nomination.

Should President Eisenhower want to be re-nominated, he will be, and the probability is that he will be re-elected. In the event that Eisenhower is nominated, the Democratic candidate will have to be one who, for one reason or another, is willing to risk running to lose. There is no logical reason why Stevenson should do that again, although his 1952 experience was not so unfortunate. Comparatively unknown outside Illinois and limited circles in Washington, he then became a national figure. In fact, his speeches were of a quality not heard in recent Presidential campaigns and gave him the reputation of being a superior mind.

On the other hand, Averell Harriman is intent upon running, no matter what may be said to the contrary. Carmine DeSapio, who manages Democratic affairs in New York, is insistent upon Harriman making a real effort. DeSapio now controls his party in both New York City and New York State. If Harriman were to be nominated and elected, DeSapio would be the leader of the Democratic Party in the nation.

There is this to say about DeSapio: He is different from any previous leader of Tammany Hall. His view of public affairs is broad and liberal. No matter how he reached the top, he tolerates none of the gangster characteristics which have made Tammany a by-word since the days of Aaron Burr. I think it was Herbert Bayard Swope who, pointing to DeSapio in profile, called attention to his resemblance to an ascetic Cardinal. There is a compulsion to power but it seems to have a good purpose. At any rate, while Carmine DeSapio is not a candidate, he is likely to be the central figure in the 1956 Democratic Convention.

Despite the fact that President Eisenhower sits in the White House as a Republican, the majority party of the United States is the Democratic Party. It gained in 1954 over 1952 and there is little hope in the Republican Party that that gain will be upset in 1956. It is not likely to be upset in the Senate because of the particular vacancies available in that year.

The Four Power Conference can help Eisenhower but a strike such as that which Walter Reuther is calling in the Ford Company can hurt him. The Four Power Conference can benefit Eisenhower but not particularly the Republican Party which is not responsible for it and the leadership of which is antagonistic to it. On the other hand, strikes always influence the vote for Senators and Representatives and therefore a major automobile or steel strike can lessen the chances of the Republicans in marginal states, such as Michigan and Ohio. It is close enough to the 1956 campaign for strikes which may occur between now and then to influence votes.

In the British campaign, prosperity and peace were the two principal issues and they won the day for the Tories. These issues are inadequate for the 1956 campaign in the United States because many local issues arise here which can seem at the moment equally or more important. One of those issues will be the tariff, while it is nationally not a vital one, is on a local level of tremendous importance to those who find employment reduced because of imports of particular commodities. A Senator or a Representative can lose the election over the tariff, whereas it would not affect the Presidential candidate at all, not even in that state.

The Democratic prospect of defeating Eisenhower depends on how unpleasant the Democrats can make it for him, particularly if bad and dramatic charges of corruption can be turned up by Congressional committees. The Democrats are likely to be active in that direction with increasing zest as the campaign approaches. The Democrats who have given President Eisenhower the impression that they are supporting him must either seek to destroy him politically or invite defeat. They will do the best they can to avoid defeat if they find a target. As they are in control of Congressional committees, they are doing the best they can.

TREATMENT OF CANCER OF LUNG

Yesterday I outlined some of the symptoms which appear with cancer of the lung, pointing out that by the time symptoms usually appear, the sufferer is past help. What is the outlook for such cases? Unfortunately, it is always pretty serious, especially in the two types of lung cancer — the "small cell" type and the "adenocarcinoma" type. The outlook in the third type — "squamous cell" — is a little more hopeful. Let us look for a moment at these three types.

The "small cell" type, which makes up about 33 per cent of all lung cancers, grows the most rapidly and is hence the most deadly. Death usually occurs in from 3 to 6 months after the first symptoms have appeared.

The "adenocarcinoma" type, which makes up about 25 per cent of lung cancers, is most commonly found in females. It spreads very quickly and frequently to other parts and thus is less suitable for operation.

The third type, the "squamous cell", which has a more hopeful outlook, depending, of course, on how early it is discovered, makes up about 42 per cent of all lung cancers, is slower in growth and does not tend to spread to other structures as soon as the others do. For these reasons, the "squamous cell" type furnishes the majority of cases suitable for surgery.

At our present state of knowledge, removal of cancer by surgery offers the only chance of lasting cure. Success is usually in proportion to the promptness with which the cancer has been recognized and, of course, the age and general physical condition of the patient. The operations used are lobectomy or, more often, pneumonectomy. (Lobectomy is the removal of one lobe of the lung; pneumonectomy is the removal of the entire lung.)

For nonoperable cases, other forms of treatment are being explored which give some promise of lessening suffering but not of effecting a cure. Among these may be mentioned deep X-ray treatment and implanting radon seeds or radioactive isotopes.

All in all, it does not seem a very hopeful outlook at present for those in whom lung cancer has developed. However, with the discoveries taking place among our research workers almost every day and with the all-out drive that is being waged to find the cause or causes of cancer and hence its cure, perhaps they may find the answer in the very near future. In the meantime, do not overlook the use of routine chest X-rays, especially in the age group from 45 to 65.

Edson's Washington News Notebook

Washington — (NEA) — Twenty-five bucks a plate is a stiff price to pay for a roast beef dinner anytime. But it's worse when all you get for your dough is an empty plate.

That's what happened to a group of workers from the White House and Vice President Nixon's office the other night at the GOP's fund-raising kickoff dinner.

It was the first big banquet being served in the Sheraton-Park's new ballroom, and the head waiter had neglected to assign waiters to the two tables occupied by the White House and Nixon people.

When they started to protest, President Eisenhower had begun speaking and all they could do was slink out to a nearby bannery. And they could be excused for probably thinking what a fine guy Adlai Stevenson was while munching on their ham-burgers.

REP. CLARENCE CANNON (D-Mo.) has written a constituent the shortest letter in recent political history. In reply to a question from Missouri's American Legion, State Adjutant James Whitfield as to whether he favored a proposed bill to strengthen the reserves, Cannon's letter read as follows: "Yes."

AUSTRALIA'S John Landy may hold the world's record for running the mile, but two of his countrymen are pretty fast on their feet, too. They are Sir Roger Makins, British Ambassador, and his wife.

The other day at an embassy party the pair zoomed up the stairs, greeted a dozen friends, went through the receiving line, refused the offer of drinks, flashed back down the stairs, told the first secretary what a fabulous time they had had, and

hit the hat-check girl on the way out before she had a chance to put Sir Roger's topper on the shelf.

WITH THE POPPING of champagne corks and flashing camera bulbs appropriately simulating a battlefield atmosphere at the Cuban embassy last week, a huge Latin-American type military medal was hung on Army Chief of Staff Gen. Matthew Ridgway.

But after the fluttering cluster of society dames had charged to the bar to toast handsome Ridgway, a more prized award was given to Rep. Barratt O'Hara (D-Ill.) by Cuban Ambassador Miguel Angel Campa. It was a personal invitation from Cuban President Fulgencia Batista to be a guest in his country as soon as possible and receive an award for fighting in the Spanish-American War.

When O'Hara was 15 he was a corporal in Teddy Roosevelt's Rough Riders.

THE PARTY at the Cuban embassy was the new Ambassador Campa's first splurge into Washington entertaining and he established himself as a host to be reckoned with. Hit off his bulging table of goodies was a Cuban black bean dish loaded with garlic.

"I had heard that Washington people drank a lot," he said, "but I am happy to discover that they are really more interested in eating."

OVERHEARD at the Italian embassy the other night: "I just can't stand that woman's attitude. She always knows what she's talking about."

THE LADIES of the Congressional Club are in a stew over whether Mamie Eisenhower will send them a recipe for their 1955 personalized cookbook.

In fact some of the members are coming to a boil. For the First Lady has not yet said whether she'll donate one of her own recipes. If she doesn't, it could mean financial disaster. For the feature attraction of the book is a contribution from the wife of the President. This is the first edition to come out since the Eisenhowers moved into the White House.

"Bess Truman gave us a recipe and we expect Mamie will do the same," said one of the club's old-timers, "but I wish she'd hurry up. We want to get the book to the publisher as soon as possible."

AT A RECEPTION for Sinclair Armstrong of Chicago, the new chairman of the Securities and Exchange Commission, Rep. Albert Thomas (D-Tex.) was loudly describing his latest investment.

Waving what looked like a share of stock under Armstrong's nose he exclaimed: "This is a 1/100,000th part of an undivided 3/3968th interest in the Mark No. 1 oil well which I have just bought for a dollar."

"You too can buy into this thing, called the Texas Millionaires Oil Co., by sending them a buck," he told Armstrong.

The new SEC commissioner promised Thomas that he would investigate this firm the first chance he got.

"HOOVER, Hoopla, and Hobby" is the latest slogan the Democrats are trying to drum up to embarrass the GOP. It was originated by Katie Louchheim, Director of Women's Activities for the Democratic National Committee.

Named to \$10,000 Post  
Albany, June 3—Commissioner of Correction Thomas J. McHugh announced Thursday the appointment of Charles S. Antolina of Buffalo as his executive assistant, effective June 1 at an annual salary of \$10,000. Mr. Antolina, a career correctional worker, has been on the staff of the State Department of Correction since 1941, when he was appointed a probation examiner for the Division of Probation. Prior to that time he had been with the State Department of Social Welfare.

Engineers Name Board Members

E. Daniel Spina and Norman Watkins have been elected to three-year terms on the executive committee of the Mid-Hudson Society of Mechanical Engineers.

Mr. Spina and Mr. Watkins have been active in the affairs of the section. Each was a member of the delegation which successfully sought full section status for the local group from the ASME Council. They were among the representatives of the section at the recent Regional Administrative Conference at Elizabeth, N. J.

Mr. Spina is now chairman of the section's Professional Divisions Committee. Mr. Watkins has been chairman of the announcements committee.

A GRADUATE of Columbia University with the degree of Bachelor of Science in Mechanical Engineering, Mr. Spina is an Associate Engineer at International Business Machines Corporation, and is engaged in product engineering for electric accounting machines.

Mr. Spina is an Engineer-in-training, and is a member of the Dutchess County Chapter of The Society of Professional Engineers, and the Poughkeepsie Audio Society. Mr. and Mrs. Spina and their son live in Hopewell Junction.

Mr. Watkins earned the degree of Bachelor of Mechanical Engineering at New York University. He is a Design Engineer at International Business Machines Corporation, and is engaged in product design.

MR. WATKINS is a member of the IBM Country Club. Mr. and Mrs. Watkins and their son and daughter live in Carmel Drive in Poughkeepsie.

The executive committee is responsible for the affairs of the Mid-Hudson Section, which embraces the counties of Dutchess, Orange, Putnam, Sullivan and Ulster.

Retiring members of the committee are Raymond F. Boedeker and Carl Handen, both of IBM. Committee members continuing in office are William Legier, Central Hudson Gas and Electric Corp.; James R. Muenzer, Texas Company; James L. O'Neill, Daystrom Electric Corp.; and Kurt H. Strauss, Texas Company.

Permits Needed To Install Burners

Permits must be obtained from the Department of Buildings before all installations of oil burners and gas-fired boilers, S. Burrell Schwarzwald, superintendent of buildings, emphasized in a statement today.

This is the law based on an ordinance adopted July 15, 1954, and the superintendent asked the cooperation of all concerns making such installations so that the regulation may be enforced without need of penalty. The department asks, he said, "that the installers of the various gas and oil-fired burners adhere strictly to the code as set forth in the manual published by the state building code commission relative to the size of vent pipes, alarms, and other specifications which are required under the New York state building code."

Blame Off State

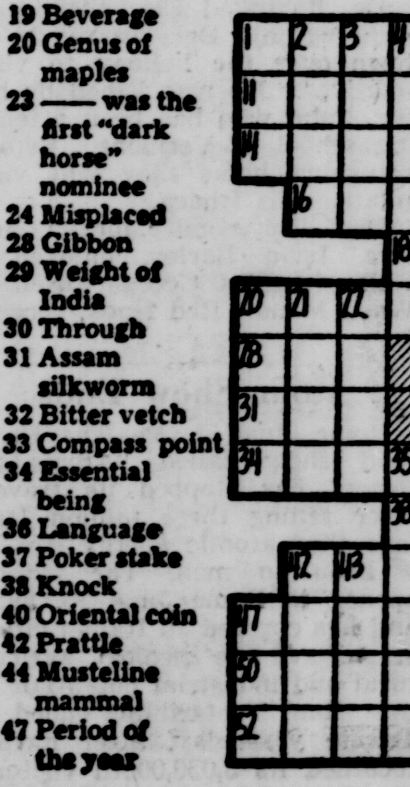

Albany, N. Y., June 3 (AP)—The Court of Appeals holds that the state is blameless in the death of a 66-year-old farmer a day after an escaped convict, commander of his truck. The state's highest tribunal voted unanimously yesterday to reverse two lower court decisions awarding \$16,826 to Mrs. Bessie Williams of Skaneateles, widow of the farmer, Albert Williams. Williams, who suffered a brain hemorrhage, died April 22, 1951, a day after William Kennedy, fleeing from a state prison farm near Sennett, commandeered Williams' truck and forced the farmer to drive him to Syracuse.

Kennedy was captured in Syracuse the same day. Mrs. Williams maintained that the fatal hemorrhage resulted from "force, threats and emotional stress" of the incident.

JACOBY ON BRIDGE

Here's Problem to Test Your Savvy

BY OSWALD JACOBY  
Written for NEA Service

Teams representing the University of Texas and Whitman College of Walla Walla, Washington, won the 1955 National Intercollegiate Championship at contract bridge. More than four thousand students at 141 colleges and universities took part in the tournament.

One of the most difficult hands of the contest is shown today. South can make the contract against any defense, but he must start with an abnormal play. He must win the opening spade lead and knock out the ace of diamonds.

Then he must take the second spade lead in dummy and lead a club to finesse the queen. His

next play is to return to dummy and lead a second club. If East comes up with the king, he is allowed to hold the trick. If East plays a low club, however, South takes the ace of clubs and then gives up a club trick to the king.

This line of play gives South nine tricks, made up of three clubs and two in each of the other suits.

Now let's see why the normal play of refusing the first spade trick will cost South the hand. South thinks he can make the same series of plays, but East has a trick up his sleeve. On the third spade lead, East makes the sensational discard of the king of clubs. After that play South can never make three club tricks without letting West in first.

Of course this is all double-dummyish. There aren't many players, whether college students or seasoned experts, who would think of ditching that king of clubs unless they knew in advance where all the cards were.

Spent \$196,233

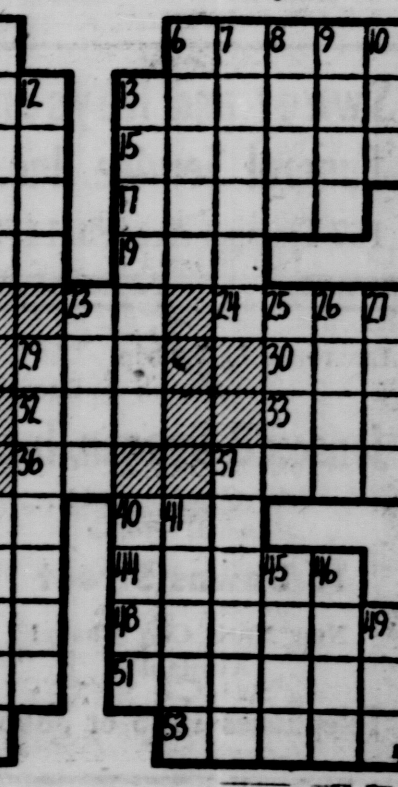

Albany, N. Y., June 3 (AP)—Lobbyists spent \$196,233 during the 1955 legislative session, more than double the outlay of a year ago. The number of registered lobbyists, however, remained at about the same level, 115 this year compared with 111 in 1954. The law requires professional lobbyists to register with the State department each year before promoting or opposing legislation. Within 60 days after the Legislature adjourns, the organizations they represent must file itemized statements of expenses paid or promised to their agents. Yesterday was the legal deadline for filing the financial statements. The records showed that 70 business concerns, professional labor groups and other organizations submitted expense accounts. Last year 39 groups reported expenditures totaling \$89,552. In 1953, expenses totaled \$233,454, a bit higher than this year's level.

Kennedy was captured in Syracuse the same day. Mrs. Williams maintained that the fatal hemorrhage resulted from "force, threats and emotional stress" of the incident.

## Eloise, Robert Wolfersteig Will Present Voice, Organ Recital at Old Dutch Church

A voice and organ recital by Eloise and Robert Wolfersteig will be given Saturday evening, June 11, in the Old Dutch Church. The recital time is 8:15 p. m. with a reception for the artists to follow the program in the church.

Mrs. Wolfersteig, a soprano, is a graduate of the Westminster Choir College in Princeton, N. J. She received her bachelor of music degree from that school in 1953. Since that time, she has resided in Maryland, teaching voice and piano and was a school teacher in the Jacob Tome Institute in Port Deposit, Md., and at the Bainbridge Elementary School at Bainbridge, Md.

While at Westminster, she sang as soloist with the Westminster Choir and also sang with the Symphonic Choir in performances of the Brahms Requiem and Mendelssohn's Elijah, Beethoven's Ninth Symphony, and Bruckner's Te Deum under the direction of Bruno Walter and Dimitri Mitropoulos and the New York Philharmonic Orchestra.

She has been studying voice for the past year with Joseph Victor Laderoute, famed French-Canadian tenor who is now on the Artist Faculty of the Peabody Conservatory of Music in Baltimore.

Mr. Wolfersteig, son of Mr. and Mrs. Clarence Wolfersteig,

Connelly, presently serving with the Navy, personnel man 3rd class, is assistant to the Protestant chaplain at the United States Naval Station, Bermuda. He is a graduate of the Conservatory of Music in Cincinnati, O., where he received his bachelor of music degree in organ in 1950, and the Westminster Choir College in Princeton, where he received his master of music degree in organ in 1952. He has studied organ with Robert D. Williams, of Newburgh, Parvin Titus of Cincinnati, and Dr. Alexander McCurdy who is head of the organ departments at Curtis Institute in Philadelphia and Westminster Choir College in Princeton.

At present he is musical director of the Bermuda Musical and Dramatic Society Chorus, which recently appeared in concert with the Duke of Cornwall Light Infantry Band when they visited the island this past spring. The Chorus is planning a concert on the 31st of May in Hamilton.

Mr. Wolfersteig organized a junior choir at the Naval Base Chapel and now has a membership of approximately 15. The Chapel Choir has appeared in several churches locally. This past spring, the choir from the Naval Station and Kindley Air Force Base combined and presented a concert of sacred music.

## Mohonk Garden Week Features Judging Of Flower Exhibits

Mohonk Garden Week, which is to be held Monday through Friday, will feature a corsage-making workshop, as well as talks on landscaping and judging of flower arrangements.

Ulster County Day will be marked Thursday, with members of the Home Bureau attending. Garden clubs from the area are participating.

## SAUGERTIES NEWS

## Centralization Vote Preparations Made

Saugerties, June 3—Arrangements for the vote on the centralization proposal for the schools of the Town of Saugerties were outlined to representatives of the town's school districts at a special meeting on Wednesday night in the high school.

Mrs. Le Roy Donaldson, chairman of the centralization study committee, presided. She announced that polling places on the voting date would be located at the Saugerties High School, Saxton, Katsbaan, Cedar Grove, West Camp, Flatbush, West Saugerties, Blue Mountain and Quarryville.

These communities received permission to have polling places on the voting date as a result of petitions submitted to the State Education Department.

The Commissioner of Education also announced the appointment of the Board of Canvass for the voting.

For the village they are William Ziegler, chairman, Warren Knaut and Daniel N. Lamb.

For the township, Henry Sagazie of Mt. Marion, William C. McCutcheon of West Camp, Anthony Rizzo of Glasco, Richard Barringer of Pine Grove and Charles Smith of Daisy.

The members of the Board of Canvass will act in a similar capacity as that of the board of elections at the central voting place.

## Saugerties Stream Leaves Big Cavern

Saugerties, June 2—The legendary underground stream which at various times has caused concern to occupants of Main street establishments has again left evidence of a recent visit when a huge underground cavern was discovered at the rear of the Klugo Furniture Store on Main street.

Following delivery of merchandise by a trailer truck on Wednesday morning the cavern and partial cave in was discovered. The opening at the pavement was enlarged for closer examination and was found to be over seven foot deep and about five foot wide.

Although the cavern was dry, exit and entrance tunnels about four to five inches in circumference were noted where the stream traveled. Many years ago the stream caused a great deal of damage in the basement of B. H. DeLor Company store which was then known as Lerner's Department Store on the corner of Main and Partition streets.

In recent years a smaller cave in was noted to the rear of the Klugo Furniture Store

## WOODSTOCK NEWS

By RICHARD E. THIBAUT, Jr.

## Voters Favor Closing Of Bearsville School

Woodstock, June 3—It was voted at a special meeting of Woodstock School District No. 3, Bearsville, Thursday night, to officially close the school and transport the pupils of the district to the Ontario School next year. Although the pupils have been attending the Ontario School for the past year, the Bearsville School has not been officially closed until this time.

It was also voted that the school building and real property of the school be maintained by the Ontario School until such time as another special meeting is called by the voters of the district.

Following a suggestion from the floor that the school house be used as a recreation center, it was explained by John Moehle, principal of the Ontario School, that in order to have such a project it would be necessary to turn it over to a recreation association, church or other like organization. It would also be necessary to have the stipulation noted on the deed that if the schoolhouse was no longer used for that particular purpose, it would again be returned to the voters of the district.

Mr. Moehle answered questions concerning recreation centers now in operation, and stated that there was good attendance—at least 65 children—on some days, while on others the recreation facilities were not used to any great extent. Some of the centers are open twice a week for half a day, and some are open two whole days.

No action was taken on another suggestion that the school house be turned over to Woodstock Fire Company No. 2, of Wittenberg, to help raise funds for their new firehouse.

In addition to Mr. Moehle others attending the meeting were William Demming, vice principal of the Ontario School, and Vincent Connelly, attorney for the Ontario district. Lamont Marvin of Bearsville, served as chairman of the meeting, and the secretary was Mrs. Edith Shultz, Edmund Gilligan, clerk for the meeting, Stanley Crane and Birge Simmons, tellers.

## Artists Name Officers

Woodstock, June 4—After considerable delays owing to several resignations, a slate of officers for the Woodstock Artists Association for the coming year, has been completed. The new officers are as follows: Eugene Ludins, chairman; Sidney Laufman, vice chairman; board of directors—Arthur Zaidenberg, Lynfield Ott, Robert Angeloch, Agnes Hart, Howard Mandel, Edward Chavez, Ben Johnson and Rodney Lethbridge. Eugene Ludins has just returned to

near the Jane street exit of the driveway.

George Fisher, manager of the furniture store, has notified his employer of the incident and is waiting for orders to have the cavern filled in to allow access for delivery trucks.

## Three Malden Youth Win DAR Essay Contest

Saugerties, June 3—Three children from the intermediate grades of the Malden District School were announced as winners in an essay contest open to members of the Junior American Citizens Clubs conducted by the Daughters of the American Revolution.

First prize was awarded to JoAnn Stoly, daughter of Mr. and Mrs. Joseph N. Stoly of the fifth grade; second prize, Nancy Celli, daughter of Mr. and Mrs. Anthony Celli of the fourth grade and third prize, Susan Mills, daughter of Mr. and Mrs. James Mills of the third grade.

The teacher of the intermediate grades is Mrs. C. Mills.

## Dutch Guild Elects Officers

Saugerties, June 3—Mrs. Roland Heermance was elected and installed as president to head the Dutch Guild of the Saugerties Reformed Church at the annual meeting of the group Wednesday night in the parish rooms.

Others installed include Mrs. LeRoy Snyder, secretary; Mrs. Albert Haber, treasurer; Mrs. Terry Staples, cradle roll secretary and Mrs. Harold E. Pangburn, chaplain.

Plans for a candy booth and pony rides for the annual fair were discussed and activities for the coming year were outlined.

The Dutch Guild assumes sponsorship of the Mela-wakimati Group of Camp Fire Girls, the Happy Blue Birds, the Sunday school and the junior choir.

## Eloise, Robert Wolfersteig Will Present Voice, Organ Recital at Old Dutch Church

A voice and organ recital by Eloise and Robert Wolfersteig will be given Saturday evening, June 11, in the Old Dutch Church. The recital time is 8:15 p. m. with a reception for the artists to follow the program in Bethany Hall.

Mrs. Wolfersteig, a soprano, is a graduate of the Westminster Choir College in Princeton, N. J. She received her bachelor of music degree from that school in voice in 1953. Since that time, she has resided in Maryland, teaching voice and piano and was a school teacher in the Jacob Town Institute in Port Deposit, Md., and at the Bainbridge Elementary School at Bainbridge, Md.

While at Westminster, she sang as soloist with the Westminster Choir and also sang with the Symphonic Choir in performances of the Brahms Requiem and Mendelssohn's Elijah, Beethoven's Ninth Symphony, and Bruckner's Te Deum under the direction of Bruno Walter and Dimitri Mitropoulos and the New York Philharmonic Orchestra. She has been studying voice for the past year with Joseph Victor Laderoute, famed French-Canadian tenor who is now on the Artist Faculty of the Peabody Conservatory of Music in Baltimore.

Mr. Wolfersteig, son of Mr. and Mrs. Clarence Wolfersteig,

Connelly, presently serving with the Navy, personnel man 3rd class, is assistant to the Protestant chaplain at the United States Naval Station, Bermuda. He is a graduate of the Conservatory of Music in Cincinnati, O., where he received his bachelor of music degree in organ in 1950, and the Westminster Choir College in Princeton, where he received his master of music degree in organ in 1952. He has studied organ with Robert D. Williams, of Newburgh, Parvin Titus of Cincinnati, and Dr. Alexander McCurdy who is head of the organ departments at Curtis Institute in Philadelphia and Westminster Choir College in Princeton.

At present he is musical director of the Bermuda Musical and Dramatic Society Chorus, which recently appeared in concert with the Duke of Cornwall Light Infantry Band when they visited the island this past spring. The Chorus is planning a concert on the 31st of May in Hamilton.

Mr. Wolfersteig organized a junior choir at the Naval Base Chapel and now has a membership of 20 children. The Chapel Choir (adult) has a membership of approximately 15. The Chapel Choir has appeared in several churches locally. This past spring, the choirs from the Naval Station and Kindley Air Force Base combined and presented a concert of sacred music.

## SAUGERTIES NEWS

## Centralization Vote Preparations Made

Saugerties, June 3—Arrangements for the vote on the centralization proposal for the schools of the Town of Saugerties were outlined to representatives of the town's school districts at a special meeting on Wednesday night in the high school.

Mrs. Le Roy Donaldson, chairman of the centralization study committee presided. She announced that polling places on the voting date would be located at the Saugerties High School, Saxton, Katsbaan, Cedar Grove, West Camp, Flatbush, West Saugerties, Blue Mountain and Quarryville.

These communities received permission to have polling places on the voting date as a result of petitions submitted to the State Education Department.

The Commissioner of Education also announced the appointment of the Board of Canvassers for the voting.

For the village they are William Ziegler, chairman, Warren Knaust and Daniel N. Lamb.

For the township, Henry Sagazie of Mt. Marion, William Cotton of Saxton, Bernard E. McCutcheon of West Camp, Anthony Rizzio of Glasco, Richard Barringer of Pine Grove and Charles Smith of Daisy.

The members of the Board of Canvassers will act in a similar capacity as that of the board of elections at the central voting place.

## Saugerties Stream Leaves Big Cavern

Saugerties, June 2—The legendary underground stream which at various times has caused concern to occupants of Main street establishments has again left evidence of a recent visit when a huge underground cavern was discovered at the rear of the Kluge Furniture Store on Main street.

Following delivery of merchandise by a trailer truck on Wednesday morning the cavern and partial cave in was discovered. The opening at the pavement was enlarged for closer examination and was found to be over seven foot deep and about five foot wide.

Although the cavern was dry, exit and entrance tunnels about four to five inches in circumference were noted where the stream traveled. Many years ago the stream caused a great deal of damage in the basement of B. H. Delson Company store which was then known as Lermer's Department Store on the corner of Main and Partition streets.

In recent years a smaller cave in was noted to the rear of the Kluge Furniture Store

## Three Malden Youth Win DARE Essay Contest

Saugerties, June 3—Three children from the intermediate grades of the Malden District School were announced as winners in an essay contest open to members of the Junior American Citizens Clubs conducted by the Daughters of the American Revolution.

First prize was awarded to JoAnn Stoly, daughter of Mr. and Mrs. Joseph N. Stoly of the fifth grade; second prize, Nancy Celli, daughter of Mr. and Mrs. Anthony Celli of the fourth grade and third prize, Susan Mills, daughter of Mr. and Mrs. James Mills of the third grade.

The teacher of the intermediate grades is Mrs. C. Mills.

## Dutch Guild Elects Officers

Saugerties, June 3—Mrs. Roland Heermance was elected and installed as president to head the Dutch Guild of the Saugerties Reformed Church at the annual meeting of the group Wednesday night in the parish rooms.

Others installed include Mrs. LeRoy Snyder, secretary; Mrs. Albert Habel, treasurer; Mrs. Terry Staples, cradle roll secretary and Mrs. Harold E. Pangburn, chaplain.

Plans for a candy booth and pony rides for the annual fair were discussed and activities for the coming year were outlined.

The Dutch Guild assumes sponsorship of the Mela-wak-tami Group of Camp Fire Girls, the Happy Blue Birds, the Sunday school and the junior choir.

## Voters Favor Closing Of Beardsville School

Woodstock, June 3—It was voted at a special meeting of Woodstock School District No. 3, Beardsville, Thursday night, to officially close the school and transport the pupils of the district to the Onteora School next year. Although the pupils have been attending the Onteora School for the past year, the Beardsville School has not been officially closed until this time.

It was also voted that the school building and real property of the school be maintained by the Onteora School until such time as another special meeting is called by the voters of the district.

Following a suggestion from the floor that the school house be used as a recreation center, it was explained by John Moehle, principal of the Onteora School, that in order to have such a project it would be necessary to turn it over to a recreation association, church or other like organization. It would also be necessary to have the stipulation noted on the deed that if the schoolhouse was no longer used for that particular purpose, it would again be returned to the voters of the district.

Mr. Moehle answered questions concerning recreation center now in operation, and stated that there was good attendance—at least 65 children—on some days, while on others the recreation facilities were not used to any great extent. Some of the centers are open twice a week for half a day, and some are open two whole days.

No action was taken on another suggestion that the school house be turned over to Woodstock Fire Company No. 2, of Wittenberg, to help raise funds for their new firehouse.

In addition to Mr. Moehle others attending the meeting were William Demming, vice principal of the Onteora School, and Vincent Connelly, attorney for the Onteora district. Lamont Marvin of Beardsville, served as chairman of the meeting, and the secretary was Mrs. Edith Siltis, Edmund Gilligan, clerk for the meeting, Stanley Crane and Birge Simmons, tellers.

**Artists Name Officers**

Woodstock, June 4—After considerable delays owing to several resignations, a slate of officers for the Woodstock Artists Association for the coming year, has been completed. The new officers are as follows: Eugene Ludins, chairman; Sidney Lauman, vice chairman; board of directors—Arthur Zaidenberg, Lynfield Ott, Robert Angeloch, Agnes Hart, Howard Mandel, Edward Chavez, Ben Johnson and Rodney Letbridge. Eugene Ludins has just returned to

### Why Ventilation Will Stop Window Fog

An example of how ventilation can reduce excessive indoor humidity is afforded by an average sized house of 24,000 cubic feet.

Such a house contains 1,800 pounds of air, which at saturation, 100 per cent relative humidity, can hold 28 pounds of moisture.

If this house is heated to 70

degrees in winter and registers 60 per cent in relative humidity—which is excessive—it would contain 17 pounds of moisture.

This is more than two gallons of water.

An equal amount of outside air at 10 degrees temperature and 40 per cent relative humidity would contain about one pound, or a pint of moisture.

A few minutes' interchange of indoor and outdoor air will quickly keep the indoor humidity within recommended limits. The house will heat quicker and be more comfortable.

### Liquid Masking Tape

A liquid masking tape is now available which is a great aid for home-painters. You can use it to protect the glass in windows you don't want to paint. Applied with a brush it hardens to a protective film. When you have finished with your painting, you can strip it off like cellophane tape.

### Pay More Down

Although there are justifiable cases for families to buy a house with a low down payment, it is much better to be able to make a substantial initial investment. The less you pay in the beginning the more you will have to pay in interest in the long run.

### Resting a Ladder

Never let the top of a ladder rest against the roof gutters or the ends of shingles because it will damage them. If the ladder must stand this high, build a bracket to hold it far enough away from these items so it won't do any harm.

### Metal Paint Cuts Down Radiator Heat Output

The practice of coating hot water and steam radiators with metallic paint is extremely wasteful of fuel. The metallic paint acts as an insulator, in some cases holding as much as 15 per cent of the heat within the radiator.

For that reason, radiators should be painted with a good oil paint or enamel. Flat wall paint has greater resistance to blistering and peeling than other kinds. Before repainting, as much of the metallic paint as possible should be removed with a wire brush and the new paint spread on thinly while the radiator is cold. Do not turn on the heat until the paint is completely dry.

### Paint for Radiators

When determining the amount of paint you will need for the repainting of a radiator, multiply the width by the height, then multiply this figure by seven. This will give you the number of square feet you need to figure on covering.

### Shortening a Hall

You can make your long narrow upstairs hall appear shorter by carpeting it with a bold plaid pattern.

### 'The Murphy' Comfortable, Convenient

Rooms ..... Seven  
Bedrooms ..... Three  
Closets ..... Eight  
Cubage  
House ..... 28,200'  
Garage ..... 6,600'  
Dimensions  
House ..... 51 x 36'  
Overall ..... 71'

Introduced today by the Home of the Week Plan Service, 'The Murphy' is a comfortable, one-story house designed for the family that needs three bedrooms.

Although the house pictured above has a two-car garage this home can be built with a one-car garage—or without any garage at all—if you prefer. Including the two-car garage overall measurements are 71 by 36 feet. Cubage of the house itself is 28,200 feet; cubage of the garage is 6,600 feet. You'll need at least a 95-foot lot to build the house as illustrated. With a one-car garage—or no garage at all—you can, of course, get by with a smaller lot.

Although it is small in size the kitchen is large enough to hold all the essential pieces of kitchen equipment including an array of cabinets, cupboards and counter space. No breakfast nook is provided in this plan but the dining room is so conveniently near that you'll find it no hardship to serve all of your meals in this room.

A small entry way separates the good-sized living room from the front door—and helps to keep drafts from the living room. A fireplace and bookshelves are specified for the living room which is designed to be a comfortable room in which family and friends can gather.

Two of the bedrooms are located in the right wing of the house; the third opens off the central hallway in back of the living room. All of the bedrooms feature good lighting and cross ventilation. Each also has a large closet.

In addition to the regular bathroom—located near the bedrooms—there is a handy lavatory which opens off the kitchen near the side entrance. Thus located, the lavatory makes an ideal clean-up station for the youngsters when they come in from play.

Considering the convenient location of the dining room and the extra convenience of having the laundry equipment on the ground floor, many women will decide to use the eating-utility room as a laundry. The back door provides ready access to the yard from this room. And, the built-in cupboards along the left wall provide welcome extra storage room.

### Saving Metals

For the benefit of any of you who like to work with metal, always use a new file and a new hacksaw blade on soft metals such as brass and copper. When they start to become dull set them aside to use on hard metals such as steel.

### Much Damage Caused By Heaving of Plants

Heaving of plants as a result of alternate freezing and thawing during the winter probably causes as much havoc as extreme cold. It's a good idea, in mild spells, to go and see if any plants have been pushed out of the ground, and push them back in again. Small and shallow-rooted species, such as primroses and strawberries, are most apt to heave and they dry out quickly. They're the first ones to check.

### Simplicity in Teenage Room Recommended

Watch out for a tendency to go overboard on unique or novel wall treatment for teenagers. In the long run, the simpler the background the better.

You'll find it hard to keep up with the violent likes and dislikes so customary at this age. It is easier to re-do bedspreads and draperies than to paint or paper.

### To Paint Porch Ceiling

When you're painting a porch ceiling that has been constructed of tongue-in-groove lumber, be sure to dip only a little paint onto your brush at a time. Otherwise the grooves in the lumber will wipe off too much paint from your brush. It's a good idea, incidentally, to have a cloth handy for wiping the brush if any paint runs down the handle.

### Do-It-Yourself Project

Don't be an eager-beaver in your first do-it-yourself projects. Start with simple things. And, above all, take your time. The greatest enemy of the beginner is impatience. He cuts the parts and then he can't wait until he sees the finished product. A hasty assembling job follows... and the finished product looks far from finished.

### Softening Old Glue

Old-fashioned furniture glue that was in common use up to a few years ago can usually be softened with hot water or steam. A mixture of half and half hot water and cider vinegar is also very good.

### 'Dirt' May Be Mildew

A main cause of discolored paint on houses is mildew.

### Proper Brushes Aid Paint Job

When you're preparing to paint the walls and woodwork of a room, remember that you'll need a 2 to 2 1/2-inch brush for the woodwork and possibly a long handled sash brush for the windows. For walls and ceiling, a roller or 4 to 5-inch brush will make it an easy matter to apply the color swiftly and smoothly.

When buying brushes, remember that good brushes hold more paint and enable you to do a smoother job. It's important to take good care of your tools. Don't overload a brush or scrape it across the rim of a can. And don't ever jab the tips of the bristles into corners.

### Another Hazard

Now that the weather is cold and most of us work indoors, be very careful how you handle some liquid paint removers and paint brush cleaning solvents. Many of these are highly inflammable and if used near an open flame will cause a good deal of mischief.

### Must Be Dry

Before actual painting is begun with an oil-base paint, make sure that the surfaces to be painted are absolutely dry.

### Cooking With TV

A new kitchen range has a built-in television set with a seven-inch screen.

### Use Right Brush

Always use a narrow brush for painting narrow surfaces. For wider Varnish Brush Division of the American Brush Manufacturers Association recommend using the widest brush practicable for the job.

### Carports Gain Favor

The carport is gaining favor as a substitute for the garage. Usually extending from the main doorway of a house, a carport affords overhead protection for the family automobile and might be termed a garage without walls.

### Pint-Size Lavatory

A new small-size cabinet lavatory has been introduced for use in powder rooms, and second bathrooms, the Plumbing and Heating Industries Bureau reports. The cabinet under the lavatory provides an abundance of storage space and thus is especially useful in limited areas.

### Don't Let 'Em Set

Any paint brush can be cleaned with a minimum of time and effort if the cleaning is done when the paint job is completed—not several days later.

### Bathroom Outlets

When planning a bathroom, duplex outlets for convenient use of electrical appliances should be included in the wiring scheme.

Otherwise the grooves in the lumber will wipe off too much paint from your brush. It's a good idea, incidentally, to have a cloth handy for wiping the brush if any paint runs down the handle.

### Do-It-Yourself Project

Don't be an eager-beaver in your first do-it-yourself projects. Start with simple things. And, above all, take your time. The greatest enemy of the beginner is impatience. He cuts the parts and then he can't wait until he sees the finished product. A hasty assembling job follows, and the finished product looks far from finished.

### Softening Old Glue

Old-fashioned furniture glue that was in common use up to a few years ago can usually be softened with hot water or steam. A mixture of half and half hot water and cider vinegar is also very good.

### 'Dirt' May Be Mildew

A main cause of discolored paint on houses is mildew.

### Use Right Brush

Always use a narrow brush for painting narrow surfaces. For wider Varnish Brush Division of the American Brush Manufacturers' Association recommend using the widest brush practicable for the job.

### Carports Gain Favor

The carport is gaining favor as a substitute for the garage. Usually extending from the main doorway of a house, a carport affords overhead protection for the family automobile and might be termed a garage without walls.

### Pint-Size Lavatory

A new small-size cabinet lavatory has been introduced for use in powder rooms, and second bathrooms, the Plumbing and Heating Industries Bureau reports. The cabinet under the lavatory provides an abundance of storage space and thus is especially useful in limited areas.

### Don't Let 'Em Set

Any paint brush can be cleaned with a minimum of time and effort if the cleaning is done when the paint job is completed—not several days later.

### Bathroom Outlets

When planning a bathroom, duplex outlets for convenient use of electrical appliances should be included in the wiring scheme.

**Neat Wallpapering**

When wallpapering a room where there is a fireplace center one sheet of wallpaper directly over the mantel and then work out from both sides so that the width of the paper at each end of the mantel will be the same width.

**Cause of Rust**

One reason why toilet bowls become discolored by rust is that the inside of the flush tank is full of rust and sediment. Give the inside of the tank a good cleaning and you won't be bothered by this headache for a good long time.

**Boarding a Ceiling**

When applying any sort of building boards to a ceiling, locate the exact center of the ceiling and center your first panel at this point. Now work out from this point with the other boards and you'll be sure that the finish job will be symmetrical.

**Picture Hanging Hint**

You can prevent mirrors and pictures from staining the wall in back of them if you use carpet tacks driven into the back of the picture frame to keep it a fraction of an inch away from the wall.

**Grind 'Em Clean**

Stained concrete porch floors and outside steps can often be brightened up by grinding down the surface with an electric grinder.

**SHATTERPROOF LIGHT!**

**ALSYNITE** is a sensational new form of structural glass made by combining glass fiber with resin. It is shatterproof, permanent and feather-light... can be sawed, nailed or drilled... is as easy to use as plywood. Requires no conventional window framing. Like patterned glass, Alsynite lets light through but you can't see through it. Available in seven

jewel-like colors. Corrugated panels come in eight sizes. Weighs only 8 oz. per sq. ft. In metal buildings, corrugated panels of Alsynite are simply substituted for metal sheathing wherever a "skylight" is desired. Alsynite "nests" with all sizes of corrugated building materials and fastens in the same manner. No special tools or framing. Flat Alsynite substitutes for glass in standard windows. Alsynite is suitable for almost any patterned glass use, plus many new and novel uses never possible before.

**Lumber and Building Materials****344 Fair St. PHONE 2058 Kingston, N. Y.****THEY'LL DO IT EVERY TIME** (Registered U. S. Patent Office)By **JIMMY HATLO****Measuring for Glass**

When you measure a window sash for a pane of glass, measure all four sides rather than just two. The reason is that in many cases the opening isn't square and you can't push a square piece of glass in for love or money.

**Scenes of Accidents**

Most accidents occur in the home — one-third in the dining room or kitchen, one-fourth on porches or in the yard and one fifth in living and sleeping rooms.

**Buying Lighting Bulbs**

Higher wattage bulbs are the best lighting buy, engineers say. A 150 watt light bulb produces 10 times more light than a 25-watt bulb yet it uses only six times as much electricity.

**Pewter Cleanser**

A good way to clean heavily tarnished pewter is first to cover it with silver polish, then while it is still wet, apply soap lather. Rinse in hot water and dry thoroughly.

**Anchoring Knots**

Loose knots in wood can be fastened back in place by coating them with a little wood glue or shellac.

**On-Site Labor Costly**

On-site labor amounts to between 32 and 33 per cent of the cost of a home.

**Livestock Prices**

# Marlboro Central Routs New Paltz, 21-5, for UCAL Title

## Coach Kroh's Tossers Gain 11th League Win

Marlboro Central hit with customary authority and got effective pitching from George Mackey to cinch its second consecutive Ulster County Athletic League baseball pennant yesterday.

Coach Jack Kroh's tossers crushed New Paltz High, 21 to 5, to finish the UCAL campaign with 11 wins in 12 starts.

**GEORGE MACKAY** was nipped for 10 hits by the Larries, including four singles by Don Jayne, but was effective in the clutch. The losers scored three in the fifth but by that time the champions were ahead, 11-1.

Douglas Swartz and Earl Mullin pounded homers as Marlboro wrecked a tight 2-1 game with a 9-run barrage in the fourth and followed with 10 runs in the next two frames.

Swartz cracked a 2-run homer in the third and Mullins connected with two aboard in the sixth.

**CARSTON CONN.** Richie Mandia, Mullins and Frank Santora each had a couple hits for the Centrals. Mackey issued three walks and fanned 10. The winners were aided by 12 bases on balls.

Marlboro's only loss in the UCAL was to the Saugerties Sawyers but Coach Kroh's nine reversed the score on the Sawyer diamond.

The score:

New Paltz (5)	AB	R	H
Stewart, 1b	4	0	0
Swartz, 2b	2	1	1
Ott, 2b, 3b	3	1	1
Dodd, 3b, ss	4	1	1

## Conrad Takes Four-Hole Edge

St. Annes, England, June 4 (AP)—Joe Conrad, a tiny Texan with big shots, led Alan Slater of London by 4 holes after the morning round of their 36-hole match for the British Amateur golf title.

The 25-year-old U. S. flier was only 1 up after nine holes but Slater struck a streak of wildness off the tees coming home and by the time the two had sloggered the way through 15 holes he was 4 down.

They started their day-long duel for the title no Briton has won in 20 years in a downpour of rain and with a cold wind howling through the trees. By the time they had reached the ninth, the rain had stopped but the wind continued.

## Ashenfelter Sets Two-Mile Record, Santee Runs 4:01.2

Compton, Calif., June 4 (AP)—Horace Ashenfelter, the Flying FBI man from the New York Athletic Club, holds a new American two-mile mark of 8:49.6 today.

But Wes Santee, the perennial pursuer, has yet to unravel the secret of the 4-minute mile.

Santee ran a sparkling 4:01.2 in last night's Compton Invitational mile, pushed by Bob Seaman of UCLA and Fred Dwyer, the ex-Villanova star. Seaman was clocked in 4:01.4, Dwyer 4:01.9, to make it the first time three Americans ever bettered 4:02 in one race.

IT WAS A thrilling finish, but a 63-second third lap was too much for Santee to overcome in his latest bid to become the first American to beat the 4-minute barrier.

For Ashenfelter, it was just a matter of pacing himself. He defeated Fernando Ledesma of the University of Southern California by nearly 30 yards and cracked Gunder Haeg's 12-year-old American record of 8:51.3. Belgian Gaston Reiff holds the world mark of 8:40.4.

A polished young pitcher in his senior year at Kingston High, Bruce Bechtold is the freshman pitching sensation with the Lafayette College nine at Easton, Pa.

In his first four starts, the ex-Maroon righty beat the frosh squads of Pennsylvania, Lehigh, Blair Academy and Princeton.

The victory over the Tiger frosh was a 1-hit, 10-inning classic. And he turned in another 1-hitter, while fanning 13 against Penn. In addition, he has been the heavy man in relief roles.

Strong on control, Bechtold was sneaky fast in high school, figures to improve the hard one. He did not achieve the stature of Clark Mains in high school, but don't be surprised if he equals him in professional baseball.

It would be a wonderful thing for the community to have Clark Mains and Bruce Bechtold operating in the upper echelons of organized baseball.

Newburgh had its Al Corwin, Poughkeepsie claims Maury McDermott and Wes Westrum. Kingston has waited since Bud Culliton's Pittsburgh Pirate days for a full fledged major league baseball representative. We can wait a little while longer for Mains and Bechtold. And don't overlook Bob Mains of the current KHS squad. He is a good prospect with heavy potential.

The folks around Foxhall Avenue and Shufeldt street are real proud of Bruce Bechtold. He is the son of Mr. and Mrs. John Bechtold and next to his parents his top rooster is Addison Jones, for whom Bruce pitched in the City League.

## Flotsam and Jetsam:

Boston sports writers, a notoriously tough bunch to evade (there are so many of them), have never gotten close to Tom Yawkey, who owns the Red Sox. . . maybe because Yawkey actually is a New Yorker who spends little time by the river Charles. Marty Rotella of the Ontario Central baseball squad is one of those rare specimens—a reversible battery. . . Time flies department: The proposed 24-alley Bowlodrome is the latest in a long series of bowling changes in the city. The YMCA alleys have been intact for many years. Twenty five years ago, the Colonial alleys on North Front street was the mecca for the tenpin addicts. Homer Emerick came along with eight alleys on Albany avenue extension. Then the Central Recs, Ruzzo Bowlatorium and Ferraro's Bowlodrome. Now we hear John "Red" Sangi is contemplating some changes. But more of that later.

Sam Kalloch can't get the Blues anymore. The official Poughkeepsie High School nickname has been changed to Pioneers.

## Furgol and Berg Tee off at Noon

## In San Francisco

San Francisco, June 4 (AP)—Ed Furgol and Patty Berg teed off at noon (EST) today at the Olympic Country Club against an estimated quarter-million golfers scattered throughout the country.

It was National Golf Day, fourth annual event sponsored by Life Magazine on which the backers of both sexes paid \$1 for the chance to beat the National Open champion and the top feminine player. Half the proceeds of the event went to the American Red Cross, the other half to the National Golf Fund.

**FURGOL AND** Miss Berg were playing over the Lake course of the Olympic Club on which the 53th annual U. S. Open tournament will be contested June 16-18. The 6,700-yard layout carries a par 70—and both of the golfers were on record that it would be hard to equal.

The scores posted by the two were the goal of the duffers today. Anyone who betters Furgol's total will receive a medal attesting that "I Beat Ed Furgol." The same goes for women who beat Miss Berg's card—an "I Beat Patty Berg" medal. All competitors—and Life estimated 250,000 would be in the field from coast to coast—will be permitted to use their full handicaps.

**TOM HENEBERRY** is manager of the Yankees, while Harry Barnes pilots the Dodgers. Paul Gardner is in charge of the Giants and Pete Ferraro is at the helm for the Red Sox.

Meanwhile, it has been announced by James DeCicco, director of the National League, that plans for the league opener have been delayed pending work on Kingman Park.

The National League will have the same lineup as last year as follows:

Adirondack Trailway Braves, Ray Radel, manager; Island Dock Tigers, Charlie Diers, manager; Miron Lumber Indians, Bill Murphy, manager; Hiltabrant Pirates, Eddie Baker, manager.

**HAROLD ANDERSON** has been named a director of the National League. New directors for the Little League Association which supervises the operation of the American and National Leagues include Francis J. O'Neill and Joseph F. Cavano.

Officers of the Association are William R. Scully, president; James DeCicco, vice-president; John Ray Mayone, secretary; recording secretary, Jake Chichelsky; and treasurer, Warren Smith.

Great Neck, June 4 (AP)—Australia's young Peter Thomson who has been crossing the Pacific for three years in quest of Yankee dollars, is close to his first big jackpot in American golf.

The little stylist from Melbourne went into the fourth round of the Deepdale Round Robin tournament today with a nine-point lead and a chance to lengthen it over his closest pursuer, big Mike Souchak.

Thomson, with 22 plus points, and Souchak, with 13, are bracketed in the same foursome, playing also with former National Open champion Julius Boros and Johnny Palmer.

If the Aussie can maintain his deadly putting touch, he has a good chance to put a virtual lock on the \$3,000 first prize in this unique \$15,000 event. He has the tournament's two hottest shooters—Cary Middlecoff and Ted Kroll—behind him.

**THOMSON NOT** only is leading in points but also is playing the best golf, not always the case in this mathematical merry-go-round in which each player matches scores with each of the others in the select 16-man field.

He has had consecutive rounds of 69-67-68 over the 6,693-yard, par 70 Deepdale course and has added steadily to his point total. Work around the greens has done it.

On his 11th round, yesterday he finished with spectacular birdie threes, chipping in from 40 feet off the green in the morning and sinking a 20-foot downhill putt in the afternoon on the final hole. He sank five putts of from 12 to 20 feet.

Souchak has had rounds of 68-71-71. Doug Ford who picked up 15 points in his afternoon round, is in third place with plus 11, followed by defending champion Sam Snead, plus nine; Ted Kroll, plus eight; Marty Furgol, plus 7; Johnny Palmer, plus 6; and Gene Littler, plus 1.

# Marlboro Central Routs New Paltz, 21-5, for UCAL Title

## Coach Kroh's Tossers Gain 11th League Win

Marlboro Central hit with customary authority and got effective pitching from George Mackey to clinch its second consecutive Ulster County Athletic League baseball pennant yesterday. Coach Jack Kroh's tossers crushed New Paltz High, 21 to 5, to finish the UCAL campaign with 11 wins in 12 starts.

**GEORGE MACKEY** was nipped for 10 hits by the Larries, including four singles by Don Jayne, but was effective in the clutches. The losers scored thrice in the fifth but by that time the champions were ahead, 11-1.

Douglas Swartz and Earl Mullin pounded homers as Marlboro wrecked a tight 2-1 game with a 9-run barrage in the fourth and followed with 10 runs in the next two frames.

Swartz cracked a 2-run homer in the third and Mullins connected with two aboard in the sixth.

**CARSTON CONN.** Richie Mandia, Mullins and Frank Santora each had a couple hits for the Centrals. Mackey issued three walks and fanned 10. The winners were aided by 12 bases on balls.

Marlboro's only loss in the UCAL was to the Saugerties Sawyers but Coach Kroh's nine reversed the score on the Sawyer diamond.

## THE SCOREBOARD

Casey Stengel, known far and wide for his baseball wisdom even though it is difficult at times to fathom the meaning of his double talk, knew wherefore he spoke when he declared the honeymoon was over for his New York Yankees.

Th grizzled Yankee skipper made the remark in a few thousand words after the American League leaders had left the friendly confines of Kansas City's Municipal Stadium and headed for Comiskey Park, home of the pesky Chicago White Sox.

**THE YANKEES** were riding high on a record of 19 victories in their last 22 games. Their record since leaving home stood at 7-1.

But last night they arrived at Comiskey Park, where Stengel predicted the trouble would start. It did with the White Sox winning 3-2 behind the hitting and pitching of Jack Harshman. Since the Cleveland Indians were unable to take advantage of the Yanks' setback, losing 3-1 to Washington on Mickey McDermott's 3-hit, the top of the standings tightened.

Three games still separated the Yanks and the Indians but the Pale Hose found themselves only a half-game out of second place today. In other American League games the Detroit Tigers defeated the Orioles 7-2 as Ned Garver won his first game in more than three weeks and the Athletics edged the Boston Red Sox 4-3 on Wilmer Shantz's 2-run homer.

**THE NATIONAL LEAGUE** leaders both won. The Brooklyn Dodgers thumped the St. Louis Cardinals 12-5, while the second place Chicago Cubs turned back the slipping New York Giants 4-1 on homers by Gene Baker, Eddie Miksis and Bob Speake. The Dodgers still held a 7½ game lead.

Bill Brewer's 10th inning homer gave the Milwaukee Braves a 4-3 decision over the Philadelphia Phillies and the Pittsburgh Pirates nipped the Cincinnati Redlegs 7-6 with rookie catcher Harding Peterson hitting a bases-loaded single with one out in the ninth.

Harshman set down the Yankees on nine well spaced hits and drove in two runs and set up the other. The Yanks had the lanky southpaw on the ropes several times but couldn't cash in except in the fourth when Bill Skowron hit his sixth homer and in the sixth when Mickey Mantle connected with his 12th.

**MCDERMOTT**, who shut out the Indians 3-0 in his last clash with the American League champions, fanned six and walked five in recording his fourth win. Mickey Vernon and Roy Sievers hit homers. Bob Lemon (7-5) was the loser.

Garver's six-hit against the Orioles brought joy to the Tigers. The 29-year-old right-hander, whose last victory was May 11, also delivered a single and a double. Cal Abrams collected three of Baltimore's hits—a single, double and a home run—to drive in all of the Birds' runs.

The Cardinals used eight pitchers, tying the National League record, in an attempt to stop the Dodgers. But it was no use from the time the league leaders belted starter Tom Poholsky for four runs in the first inning as Duke Snider connected with his 17th homer and Roy Campanella got No. 15. Snider also contributed a double and two singles and drove in five runs.

**STAN (THE MAN)** Musial gave the Cards some solace when he hit his 300th homer with two mates aboard in the fifth. He joined a select group of 13 major leaguers who have hit 300 or more homers.

Bob Rush's string of scoreless frames against the Giants was broken after 26 1/3 innings when Don Mueller hit an inside the park homer in the first. But thereafter the veteran right-hander was the world champs' master. He allowed only five hits and didn't walk a man.

Bruton got the chance to deliver his game-winning homer for the Phils in the fourth to tie the score.

Kingston has waited since Bud Culloton's Pittsburgh Pirate days for a full fledged major league baseball representative. We can wait a little while longer for Mains and Bechtold. And don't overlook Bob Mains of the current KHS squad. He is a good prospect with heavy potential.

The folks around Foxhall avenue and Shufeldt street are real proud of Bruce Bechtold. He is the son of Mr. and Mrs. John Bechtold and next to his parents his rooter is Addison Jones, for whom Bruce pitched in the City League.

## Flotsam and Jetsam:

Boston sports writers, a notoriously tough bunch to evade (there are so many of them), have never gotten close to Tom Yawkey, who owns the Red Sox. . . . maybe because Yawkey actually is a New Yorker who spends little time by the river Charles. Marty Rotella of the Ontario Central baseball squad is one of those rare specimens—a reversible battery. . . . Time flies department: The proposed 24-alley Bowldrome is the latest in a long series of bowling changes in the city. The YMCA alleys have been intact for many years. Twenty five years ago, the Colonial alleys on North Front street was the mecca for the pinpin addicts. Homer Emerick came along with eight alleys on Albany avenue extension. Then the Central Recs. Ruzzo Bowlium and Ferraro's Bowldrome. Now we hear John "Red" Sangi is contemplating some changes. But more of that later.

Sam Kalloch can't get the Blues anymore. The official Poughkeepsie High School nickname has been changed to Pioneers.

## Peter Thomson Heading For Round Robin Honors

Great Neck, June 4 (AP)—Australia's young Peter Thomson who has been crossing the Pacific for three years in quest of Yankee dollars, is close to his first big jackpot in American golf.

The little stylist from Melbourne went into the fourth round of the Deepdale Round Robin tournament today with a nine-point lead and a chance to lengthen it over his closest pursuer, big Mike Souchak.

Thomson, with 22 plus points, and Souchak, with 13, are bracketed in the same foursome, playing also with former National Open champion Julius Boros and Johnny Palmer.

If the Aussie can maintain his deadly putting touch, he has a good chance to put a virtual lock on the \$3,000 first prize in this unique \$15,000 event.

He has the tournament's two hottest shooters—Cary Middlecoff and Ted Kroll—behind him.

**FURGOL AND** Miss Berg were playing over the Lake course of the Olympic Club on which the 55th annual U. S. Open tournament will be contested June 16-18. The 6,700-yard layout carries a par 70—and both of the golfers were on record that it would be hard to equal.

The scores posted by the two were the goal of the duffers today. Anyone who betters Furgol's total will receive a medal attesting that "I Beat Ed Furgol." The same goes for women who beat Miss Berg's card—an "I Beat Patty Berg" medal. All competitors—and Life estimated 250,000 would be in the field from coast to coast—will be permitted to use their full handicaps.

## Archers Plan Club Tourney

Kingston Archery Club has scheduled a club handicap tournament Sunday at 1 p. m. at the club range.

A large entry is expected. Refreshments will be served.

Lions Club Yankees will meet the defending champion Sprague Electric Dodgers in the 1953 American Little League opener Monday, June 6, at the 156th FA diamond on Manor avenue.

In the secondary opener on Tuesday, the Electrol Giants meet the Moose Club Red Sox.

**TOM HENEBERRY** is manager of the Yankees, while Harry Barnes pilots the Dodgers. Paul Gardner is in charge of the Giants and Pete Ferraro is at the helm for the Red Sox.

Meanwhile, it has been announced by James DeCicco, director of the National League, that plans for the league opener have been delayed pending work on Kingman Park.

The National League will have the same lineup as last year as follows:

Adirondack Trailway Braves, Ray Radel, manager; Island Dock Tigers, Charlie Diers, manager; Miron Lumber Indians, Bill Murphy, manager; Hiltibrant Pirates, Eddie Baker, manager.

**HAROLD ANDERSON** has been named a director of the National League. New directors for the Little League Association which supervises the operation of the American and National Leagues include Francis J. O'Neill and Joseph F. Cavano.

Officers of the Association are William R. Scully, president; James DeCicco, vice-president; John Ray Mayone, secretary; recording secretary, Jake Chichelsky; and treasurer, Warren Smith.

The first half schedule:

American League

## BARBS

Folks who plan expenses so they can save something each week are wise—others otherwise.

A French stylist says American men are shy. Partly because of what wives spend on clothes.

A taxi driver contends he leads a dull life. Maybe because he never has any change.

## Labor Group Founded

The American Federation of Labor was founded in 1881 as the Federation of Organized Trades and Labor Unions of the United States and Canada, changing its name in 1886.

## Why We Say--

## DUNCE

The word dunce originally meant a very learned person. Dunc came into the language from the name Joannes DUNS Scotus, a learned scholastic philosopher (1265-1308). To be called a dunce was a mark of distinction. The word, though, later was applied satirically to ignorant and stupid people and that definition has remained.

## OFFICE CAT

Trade Mark Reg. By Junius

Nothing distributes wealth like taxation or a large family.

Officer—You must have had a terrible accident last night. The front of your car is all smashed in. What did you hit?

Motorist—Last night I was driving and hit a cow.

Officer—A Jersey cow? Motorist—I don't know—I didn't see the license plate.

A woman may consent to forgive and forget, but she will never drop the habit of referring to the matter now and then.

The rancher beckoned to his foreman: Rancher—Jake, I wish you'd ride into town and get the correct time. Foreman—But I ain't got no watch. Rancher—A watch! A watch! What do you want with a watch? Write it down on a piece of paper.

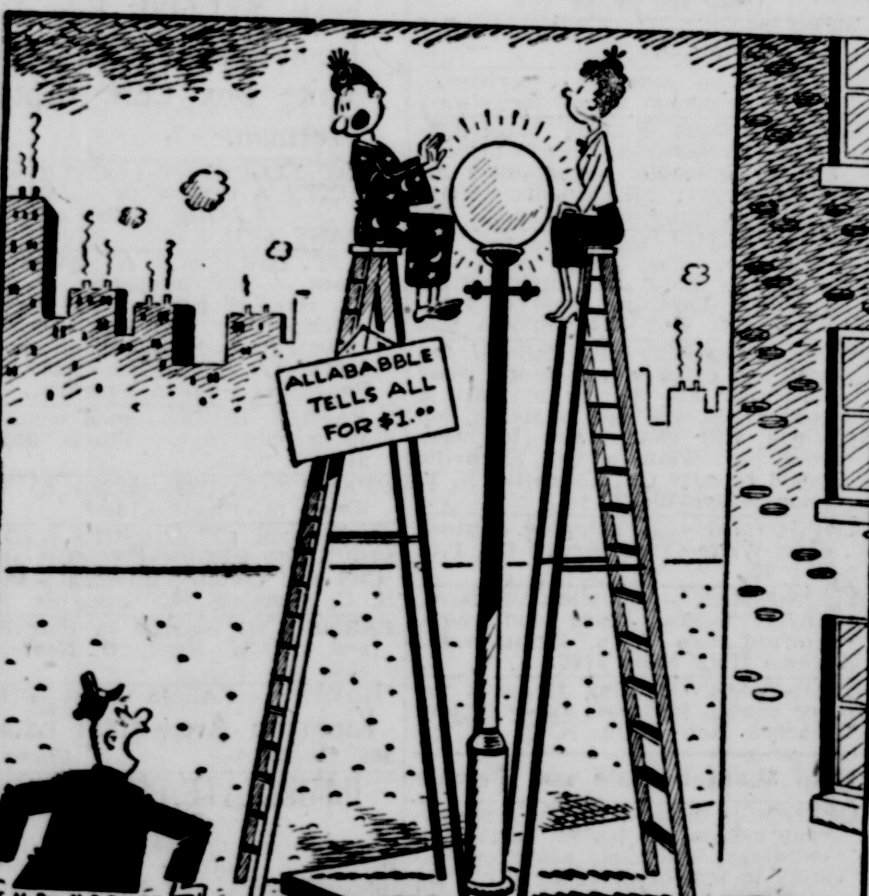

Monthly Statement The bills which leave me undismayed Are those which I've already paid. —Ned Wadlinger.

Driver—When that auto accident happened, I fell right out of the car. Officer—It's a wonder your neck wasn't broken. Driver—Well, it was interrupted.

## New Paltz

New Paltz, June 3—The Ulster County Music Educators Association held their final meeting of the year in New Paltz, and election of officers took place with the following elected: Jack Henderson of Walkkill, president; Robert Brearey of New Paltz, vice-president; Janice Peterson of Saugerties, secretary; and Wilford Emmons of Saugerties, treasurer.

They also discussed a plan to develop a program for an elementary level festival. Local elementary teachers will be contacted by Mr. Brearey.

Thursday, May 26, the student body of the New Paltz Central High School listened to the campaign speeches of the candidates for next year's Student Council officers. This assembly program followed a week of campaigning by the following candidates: for treasurer—Joan Moriello, Janet Shand, and Janis Shand; for secretary—Betty Murphy, Dolores Garlick, and Eileen Murphy; for vice-president—George Watts, Noel

Bailey, and Mary Jacobson; and for president—Frank Fredenburgh, Joan Dayger and Darrell Harp.

In the afternoon the students went to the polls and before dismissal the winners were announced. The officers for the 1955-56 Student Council are as follows: Darrell Harp, son of Mr. and Mrs. Peter Harp, New Paltz, president; Noel Bailey, son of Mr. and Mrs. George Bailey of Lake Mohonk, vice-president; Betty Murphy, daughter of Mr. and Mrs. Thomas Murphy of Gardiner, secretary; Joan Moriello, daughter of Mr. and Mrs. Joseph Moriello, New Paltz, treasurer.

The following high school students have received scholarships to help with their advanced education: Robert M. Cotton, son of Mr. and Mrs. Jack Cotton of

## DU PONT HOUSE PAINT

...CLEANS ITSELF

**STARTS WHITE—STAYS WHITE**  
—keeps your home sparkling white long after ordinary paints have become dull and dirty. That's because Du Pont "40" Outside White House Paint is self-cleaning! Due to the unique blend of pigments and oils, this fine, extra-durable House Paint actually cleans itself under normal exposure to sun, rain and weather . . . provided, of course, that dense shade or excessive accumulations of dust and soot do not retard this "self-cleaning" process. Du Pont House Paint is also available in a wide range of modern colors. Come in to see us. We'll be glad to give you free literature on "how to paint," help you with your painting problems or recommend a reliable painting contractor.

**DU PONT CEMENT & STUCCO PAINT**  
Easy to apply, hides beautifully, covers like magic. Fortified with "Dulux" resin and special oils, it stays beautiful for years. Fine for weathered asbestos shingles too!

**DU PONT TWO-PURPOSE HOUSE PAINT**  
For combination wood-masonry houses. Stops staining on brick or stone located below painted areas. Goes on easily—tough and durable—protects for years.

**DU PONT "DULUX" TRIM & SHUTTER PAINT**  
Stays bright and glossy for years! Goes on easily . . . dries fast—has superb resistance to fading and mildew. 3 shades of green and 5 other handsome colors.

**DU PONT PORCH & FLOOR ENAMEL**  
Quick drying, hard, extra-durable. Especially made for wood or concrete floors, porches, steps—inside or out. Resists hard wear, rain, sleet and snow for years!

Keeps white houses white for years!

DU PONT HOUSE PAINT ...CLEANS ITSELF

STARTS WHITE—STAYS WHITE —keeps your home sparkling white long after ordinary paints have become dull and dirty. That's because Du Pont "40" Outside White House Paint is self-cleaning! Due to the unique blend of pigments and oils, this fine, extra-durable House Paint actually cleans itself under normal exposure to sun, rain and weather . . . provided, of course, that dense shade or excessive accumulations of dust and soot do not retard this "self-cleaning" process. Du Pont House Paint is also available in a wide range of modern colors. Come in to see us. We'll be glad to give you free literature on "how to paint," help you with your painting problems or recommend a reliable painting contractor.

DU PONT CEMENT & STUCCO PAINT  
Easy to apply, hides beauti- fully, covers like magic. Forti- fied with "Dulux" resin and special oils, it stays beautiful for years. Fine for weathered asbestos shingles too!

DU PONT TWO-PURPOSE HOUSE PAINT  
For combination wood-masonry houses. Stops staining on brick or stone located below painted areas. Goes on easily—tough and durable—protects for years.

DU PONT "DULUX" TRIM & SHUTTER PAINT  
Stays bright and glossy for years! Goes on easily . . . dries fast—has superb resistance to fading and mildew. 3 shades of green and 5 other handsome colors.

DU PONT PORCH & FLOOR ENAMEL  
Quick drying, hard, extra-dur- able. Especially made for wood or concrete floors, porches, steps—inside or out. Resists hard wear, rain, sleet and snow for years!
